

Dust Caps

NITTEL Dust Caps are disposable covers for protecting your product from contaminants.

NITTEL Dust Caps are the ideal internal, disposable covers for protection from contaminants such as dust, dirt and moisture. Dust caps are disposable covers suitable for drums, mixing vessels, IBC's and pallets. NITTEL Dust Caps are a quick and easy way to secure open containers from contamination. With an elasticated seam they cover the container top securely without the potential for slipping into the container.

Use:

Pails: 5 to 40 litres
Plastic drums: 30, 60, 120 and 225 litres
Steel drums: 50 to 225 litres
Mixing vessels
